

One of Kings Park High School's graduates who has followed in the footsteps of two sisters. Those footsteps have led to extensive creativity in several fields. Sister Meredith's creative skills manifest themselves on the famous Antiques Road Show. Sister Kerry lets her creativity blossom through reading and writing techniques for improving communication abilities; and here comes Tom – a cook.

But not just any cook. A graduate of the world renowned Culinary Institute of America, Tom has gone out into the world and diversified his talents. Do you want a Chef? Watch Tom create meaningful dishes representing various cultures. He has demonstrated these talents at several notable establishments in and around New York City. And there's the Food Service Tom. He has developed and managed multiple unit restaurants, including ones for a banking corporation – the staff, the layout, the menu, and the service, all under his command.

He does it all with a smile. His CIA schooling has given him this opportunity to be creative in several directions. There's a friendliness here that precludes the success that Tom is able to achieve.
